

Good afternoon to you all:

Like many of our partners in healthcare and law enforcement, we are experiencing some difficulty in procuring certain protection equipment to keep our staff and our inmate population safe from COVID-19.

Our Incident Command Staff has been working around the clock to ensure our supplies are adequate, but certain items are more difficult to find than others. We are asking each Chamber of Commerce in Essex County to reach out to its members and ask them to consider donating the follow items to the Essex County Sheriff's Department:

- N95 respirator masks
- Surgical masks
- Hand sanitizer
- Protective eyewear such as googles
- PPEs or other protective body suits
- Lab coats
- Alcohol wipes

To make a donation, please contact Chief Financial Officer Kevin Sullivan at (978)750-1900 ext. 3580 or email him at ksullivan@essexsheriffma.org.

Thank you for your cooperation.

Gretchen Grosky
