Plant-Based Antiseptic + Essential Oils
Lemon Fresh • Enriched with moisturizers

What makes our sanitizer "Advanced" Hand Sanitizer?

Lemon Fresh Scent
100% Essential Oils

Kills 99.9%+
Germ & Viruses

Fast-absorbing
Advanced Formula

Hydrates, Moisturizes
and Softens Skin

Plant-Based
Antiseptic

Why mist spray instead of gel?

Using Gloucester Bio's Mist Spray Advanced Hand Sanitizer, you only use 0.2ml to 0.3ml of our advanced hand sanitizer to fully coat your hands with a couple sprays, while standard gel-based hand sanitizer pumps dispense 2-3ml of hand sanitizer, sometimes wasting 10X more hand sanitizer than needed.

Spray VS Gel
